

**TOWN OF WYOMING  
BOARD FIELD ROAD REVIEW  
SATURDAY, OCTOBER 27, 2018**

Chairman Brady called the meeting to order at 7:34 a.m. The Road Review was posted on the town website; [www.townwyoming.com](http://www.townwyoming.com) and also posted at JR's Banquet Hall. Attendance: Chairman Burt Brady, Supervisor Jeremy Schoenike and Supervisor Margie Schmidt were all present. Also in attendance was Kristy Opperman, Clerk.

**GEORGESON ROAD-** Noted was two trees to be taken down from ROW. The overlay which was done in early fall, looks good. The Towns portion of the road ends at the top of the hill, Helvetia is responsible for the other half of the road. Signage is good and properly positioned.

**CARLSON ROAD-** The road is in good condition, no actions needed at this time. Signs are good.

**PETERSEN ROAD-** South side of Hwy C needs minimal brushing. Signage is good. North side of Hwy C is deteriorating and rough. Needs resurfacing and is high priority. Culvert has created a bump, prior action a BUMP sign was placed to warn motorist. Signage is good and properly positioned.

**HUNTING ROAD-** Crack sealing is needed. Road is shared with Dupont. Signage is good and properly positioned.

**BREWER ROAD-** Brushing needed by the wetland area. Ditch needs fill and shoulder repair done. Signage by bridge needs to be straightened. All other signage is good and properly positioned. Bridge deck is in good shape.

**BAZILE LANE-** Crack sealing and brushing needed on North side. Signage is good and properly positioned.

**BIG ROCK ROAD-** Minimal brushing needed.

**POLK-** This is a Dead End road and is deteriorating, candidate for reground.

**SPAULDING ROAD-** East side of Hwy E has a hole in Bridge Deck and pot holes to be filled. Rocks are coming up under the road. Lateral cracks opening up need to be sealed. West side of Hwy E recently resurfaced halfway to Hwy J. The remaining half is also deteriorating, cracks are opening up and pot holes are visible. This half to finished in 2019. All other signage is good.

**SEEFELDT ROAD-** This is a Dead End road, is a candidate for reground in future. This high priority DEAD END Rd. Signage is good.

**COUNTY LINE ROAD-** Signage is good and properly positioned.

**MUD LAKE ROAD-** Rocks are coming up under the road. Cracks are opening up, need to be crack sealed. Culvert has a grate added to it, a brace is needed.

**NITKE ROAD-** Road is in good shape, no action needed. Signs are good.

**PINE RAPIDS LANE-** This is a Dead End road. Culvert has a sink hole and is dropping below the road. Culvert needs to be replaced. Car remains in ROW. All signage is good and properly positioned.

**MCNINCH ROAD-** More gravel needs to be added in spring. The turnaround was looked at and should not be a problem for plow trucks. Bridge is good. Signage is good and properly positioned.

**MOERICKE ROAD-** This is a Dead End road. This road was redone fall of last year, in good shape, one spot looks it dips in roadway. Still under warranty from American Asphalt, they will be contacted. Mowing wasn't done in the fall.

**WEST HILL ROAD-** Cracking at edges. There a dead tree to be taken down and removed. Shoulder on curve on South end of road needs to be filled in.

**BOELTER ROAD-** Road is in good shape, no action needed at this time. Signage is good and properly positioned.

**KITZMAN ROAD-** Brushing needed to clear the ROW. Road is rough and deteriorating, worse where the road goes through the lower land. This road is second priority for through roads.

**TOWNSHIP ROAD #5-** The road and bridge deck between the culverts is washing out, needs to be filled.
